

For Immediate Release

Atlantic, Tomorrow's Office Named One of the Top-Performing SMB Channel Partners in the U.S. by Ingram Micro

World's Largest Technology Distributor Recognizes Atlantic, Tomorrow's Office in Annual Ingram Micro SMB 500 List

New York, NY November 6, 2013 – Facsimile Communications, (dba Atlantic, Tomorrow's Office,) announced today that they have been named to the Ingram Micro 2013 SMB 500. The list was revealed at Ingram Micro's 2013 Fall SMB Invitational and celebrates the top 500 fastest-growing Ingram Micro U.S. channel partners focused on small and midsize businesses (SMBs). Ranked at number 74 this year, (a substantial jump from 272 last year,) Atlantic grew its business with Ingram Micro Inc. (NYSE: IM), the world's largest technology distributor, by nearly 370 percent this year from 128 percent the prior year.

The Ingram Micro 2013 SMB 500 list was derived from the more than 20,000 U.S. solution providers and MSPs who work with Ingram Micro's U.S. SMB Business Unit. This year's top performers posted growth of nearly 250 percent. Developed in collaboration with Ingram Micro's Business Intelligence Center and U.S. SMB Business Unit, as well as channel research services firm The 2112 Group, the list also takes into account select criteria such as company size, overall technology category revenue growth and innovation with SMB business engagements.

"Our managed service programs allow organizations to focus on their core business, not their supporting IT infrastructure," says Bill McLaughlin, Chief Technology Officer for Atlantic. "Our all-encompassing approach to supporting technologies brings automation, efficiency and scalability that translate into increased productivity and real savings to our customers. We are pleased to once again be recognized as one of Ingram Micro's top-performing, SMB-focused channel partners and would like to thank our customers for their ongoing support, and for being such an integral part of our growth."

"Having the right technology solutions and services in play can bring significant advantages to small and midsize businesses, and can be the difference between good and great companies," says Jamie Ferullo, director of SMB sales, Ingram Micro U.S. "Our SMB 500 list represents the 'who's who' in SMB when it comes to top-performing VARs and MSPs. We're thrilled to announce this year's winners and congratulate Atlantic, Tomorrow's Office on its growth and success."
